the doctor s pda and smartphone handbook databases

**January 1st, 2017 - a database on a
handheld puter has many
advantages over a filing cabinet
first you can carry all the forms you
need this is great for audits
because you can enter data about
patients at any time including while
you are with the patient during the
ward round or when you can get
hold of the patient s notes from the
consultant s secretary'**

'the australian medico legal handbook with pda software

June 3rd, 2020 - doctors carry very
little when they are in the ward but are
increasingly carrying pdas making the
