the floor as mice  
can hide in  
clutter store food  
in sealed glass or  
metal  
containers' **'the 5  
worst and 3 best  
pets for kids that  
aren t cats**

**May 27th, 2020 -  
but these rodents  
are generally  
terrified of  
humans you can  
train them to  
appreciate human  
touch if they re  
handled gently and  
frequently as  
babies but they re  
often sold full  
grown at pet  
stores and parents  
can t trust that  
young children won  
t squeeze them too  
hard or  
accidentally let  
them out of their  
cage never to be  
seen again' **'how to  
properly care for  
mice amp other  
rodents rspca****

**May 28th, 2020 -  
typically mice can  
live for about  
three years  
although this may  
appear a short  
time in parison to  
other pet animals  
owning mice is  
still a big  
responsibility and  
mitment  
understanding mice  
s needs there is  
no one perfect way  
to care for all  
mice because every  
mouse and every  
situation is  
different' **'you can  
stop providing  
homes for rodents  
by following****

**May 21st, 2020 -**

---

---

rodents rodents  
can a make  
allergies and  
asthma worse  
especially among  
young children b  
produce twelve to  
sixteen  
milliliters of  
urine and up to  
fifty fecal  
droppings in a  
twenty four hour  
period c gnaw bite  
through electrical  
cords causing  
property damage d  
contaminate stored  
food due to feces
